

COOLAG.

TILE BACKER CEMENT BOARD

CEMENT BOARD

Description

Density: 800-900kg/m³

Benefits

Lightweight and Water resistant board, suitable for wet areas and tile backing.

Easy to cut, can be scored and snapped to speed up installation.

Size & Packing

Length: 1200mm

Width: 800mm

Thickness: 6mm / 12mm

Dimensional tolerance (EN12467)	Level 1 (+/-3mm)
Thickness tolerance (EN 12467)	Level 1 (+/-0.5mm)
Bending strength (EN 12467)	≥ 10MPa
Bending radius	2m
Water vapour transmission	1975g/h m ²
Water impermeability (EN 12467)	PASS
Thermal conductivity (EN ISO 10456)	0.39 W/km
Freeze-thaw cycle (EN 12467)	PASS
Heat-rain (EN 12467)	PASS
Warm water (EN 12467)	PASS
Soak dry (EN 12467)	PASS
Mould resistance	(No growth)
Bacterial resistance	(No growth)
Sounding proofing	41dB
Non-formaldehyde	Yes
Non asbestos	Yes
Non-toxic	Yes
